## Fees for the 2023 – 2024 Academic Year

### THE REAL COST OF EDUCATION

The high cost of education is a reality which we at Continental Theological Seminary are fully aware of. Therefore, our goal is to make our programs reasonably priced, and we do our best to accomplish this through fund raising initiatives and available scholarships that will cover a substantial part of student fees. The seminary does not receive any governmental subsidies and, consequently, it is the students' responsibility to meet the rest of the costs. For example, in the school year 2023-2024, the estimation of the real cost of education for one residential full-time student is about 13,260 €. Each student is subsidized by about 40% of this actual cost, which can be seen in the tables below.

### STUDENT WORK PROGRAM

School fees are set at a level, which takes into consideration that students will undertake work program and campus maintenance duties as outlined in the Student Handbook. Persistent lack of co-operation, lateness, or absence from the required student duties, for whatever reason, will result in the imposition of additional Board and Lodging fees.
